

Referral Terms and Conditions

*Referral Program Rules: Only qualified referral leads will be considered for the ClarityTel's customer referral program. A qualified referral lead is a new contact in a decision-making role at an organization not already a ClarityTel Customer, and who is interested in using ClarityTel products for their business. Our standard referral program is:

Up to \$75.00 per hosted seat after 90 days of service on ClarityTel.

Example: New customer referral signs up for 4 hosted seats for \$24.99 per seat, customer will earn $(4 \times \$24.99 = \$99.96 \times 3 \text{ Months} = \$299.88 \text{ one-time bill credit})$

ClarityTel will pay a referral commission 90 days after initial account sign up on the services signed up for at that time. For any additional services added to the account at a later date, a referral commission will not be paid to the referring party.
